

ICP2027

XXXIII INTERNATIONAL CONFERENCE ON POLYPHENOLS

Porto, Portugal, July 12-15, 2027

Event presentation

Invitation to Exhibit and Sponsor

The International Conference on Polyphenols (ICP): What? When? Where?

The **International Conference on Polyphenols** is a major international event in **polyphenols science** gathering the talents of worldwide industrial and academic actors in the field. The conference is held every two years on the behalf of the **Groupe Polyphenol association**. For ICP2027 (the **XXXIIIrd**) we anticipate about **400 scientists** working in the field of polyphenol research to participate from around the world and present **14 plenary conferences, about 80 oral communications and 200 posters**.

ICP2027 will take place **on the 12-15 July 2027, in Porto, Portugal**, an attractive, touristic and comfortable sized city, easily accessible from all over the world.

We hope that your company can participate to this great event by being a sponsor of the conference. ICP2027 is a unique occasion to increase the visibility of your company, build international network and find new inspiration for your business development. Exhibitors/sponsors logos can be displayed on the website from September 2027. Participants will have access to the website also after the conference, for a limited period of time.

Please see the options below and confirm your participation by filling in the application form.

Conference Main Topics

- Topic 1. Structure, Reactivity & Synthesis
- Topic 2. Bioactivity, bioavailability & microbiota
- Topic 3. Metabolomics, targeted analysis & big data
- Topic 4. Food processing, sensory properties, safety
- Topic 5. Biodiversity, biogenesis in plants & ecosystems
- Topic 6. Biomaterials, green chemistry & circular bioeconomy

Venue and Schedule

ICP will be held at **Fundação Dr António Cupertino de Miranda** Congress Center (<https://facm.pt>), a large infrastructure dedicated to the reception of international events.

Getting to the Foundation is easy, no matter how you choose to travel.

If you are arriving by car, there is a large parking lot adjacent to the building, which offers ample space for vehicles.

If you prefer to take public transportation, the Foundation is easily accessible by bus, or metrobus.

The nearest metro station is Casa da Música. By **bus** you should take the **502** and exit at **“Parque da Cidade”** bus stop.

Once you arrive, you will be greeted by its striking modernist architecture and impressive art collection.

We look forward to seeing you at the [Fundação Dr. António Cupertino de Miranda](#) for this exciting conference.
